Notes: Pursuant to Section 57-1601, Idaho Code, the Governor's Emergency Fund was created to allow the Governor to address unforeseen emergencies and to protect the interests of the state. These actions transfer \$2,000,000 from the General Fund to the Governor's Emergency Fund and provide an ongoing appropriation for FY 2020 to spend these moneys. Because the cash remains in the fund at the end of each year and the appropriation is ongoing, expenditure of these funds could continue into FY 2021. Statute requires the Governor to report to the Legislature not later than January 15 on these expenditures. Lastly, previous JFAC action has provided the Executive Office of the Governor with exemptions from budget laws allowing full flexibility to transfer these funds between object codes and programs.
